The membership committee met on May 1, 2010 with 12 members present.

The committee reviewed a handout that listed the 5 non-members. We discussed past efforts that have been done and what new efforts can be utilized to increase SD’s membership to 100%. We continue to encourage non-members to join and to invite new employees on board to gain additional membership. Keeping the lines of communication open with our non-members and letting them share their concerns is extremely important.

(OVER)

The committee members discussed dues for the upcoming 2010 – 2011 year. The committee made the decision to keep the 2010 – 2011 dues amounts the same as 2009 - 2010. The committee recommends that the dues continue to be reviewed each year to ensure adequate financial support is being maintained in the SDASCOE fund.

The committee members were encouraged to support the NAFEC & RASCOE Organizations. The majority of our Associate Members are RASCOE'S!

I would like to thank President Jim Anderson for allowing me the opportunity to be your Membership Chair for the 2009 – 2010 year.

With no further business, the Membership Committee concluded their meeting.

Respectfully Submitted,

Lori Jones
