RASCOE IS WHAT YOU MAKE IT

I traveled to Boise for the RASCOE convention where we saw a leadership change. Gerald retired as president and Charlotte Saunders stepped up to the plate. With Charlotte's accident the rest of the gang will have to step up. Brenda Boomer is VP and is a very competent and well organized. She will more than likely will have to take the helm for a while.

HOW MANY HOURS DID YOU SPEND STANDING NEXT TO THE COPIER?

employees. Folks that is absolutely impossible and will only demoralize the federal workforce even more. Sadly, we will all feel the cuts and when we get to the end of the year our WDC leadership adds another 1.5 trillion dollars of debt. I wonder if we are electing competent people or just those put before us by special interests.

I recently attended the fall SDASCOE board meeting in Mitchell. Those that are committee chairs gave very good reports. The meeting was similar to many in the past with the SED explaining his actions and his justifications. It becomes more evident that we have absolutely do not have anyone in our corner in WDC. jim.iverson@hotmail.com. Have a nice day and smile

RASCOE is still working on bills such as HR-1332 and S-2010 and other legislation that would Impact our membership. It will be an uphill fight to maintain the benefits we now have or what we hope to gain in the future. Seems those in WDC think that they can balance the national budget on the backs of

PRESIDENT JIM IVERSON

On the bright side the Comfort Inn is a excellent location and the facility is very nice. For Gene and Shamu, they have a FREE breakfast and one doesn't have to walk a block or two. Becky does a good job and is doing her best to

make this a well organized and fun convention.

I wish to tell RASCOE membership that if there is anything I can do for them they need to give me notification.

We need to work together for the benefit of all.

GREETINGS FROM VICE PRESIDENT LANNEY NELSON

I want to write this story to say a 'thank you to all the employees that keep us retired folks informed of what is going on in the FSA Agency.

My first Thank You goes to Mary Johnson. It seems that she sends information that is both good and bad. When I get an email that says 'Sad News' I know that some one has probably lost a family member or some one in the Agency has a health problem. This gives us a chance to share their sadness. Thank you, Mary.

Next I have to say a Thank You to be folks in the office where I spend my time. I always appreciate anything they pass on to me and I try and send them back a message thanking them for the information.

And finally I say Thank You to anyone else that puts out information that we are all interested in I say, 'thank you'.

Email makes it quite easy. Our RASCOE organization has a lot of members and we like to stay connected.
