Apparel Store for the State Convention?

** Got an email from Emblems from Superior about what our options are for getting apparel at our rally/convention.

- One option.

- Do what we did last year at the state convention. They send us a box full of apparel and other USDA emblems that they have. And we sell what in the box to the attendees of the convention.

- Second option.

- Attendees can pre order any apparel and other merchandise off the Emblems by Superior website. The pre orders item will then be available at the convention for pick up. They will also set up a discount code for us to use. Most a saving on shipping. I believe in the email stated Missouri and Illinois had a good turn out with this option. They kind of recommended this way.

We must remember that 15% of all sales go to the scholarship fund!

New Items from the Emblems world.

- New membership equals a \$25 gift card to the Emblems by Superior store. Very cool idea to help increase membership.

-New members that join now through July 31st will qualify for the gift card.

- The member must a full-time FSA employee.

- The new member can simply redeem the gift card with completing the FSA-444.

- Email from either the State President, State Membership Chair, or the new member can directly email Chris Lary the National Benefits-Emblems Chair.

- The new member will need to include their home mailing address and home email address.
